Subject: Notice of the Apportionment for the School Safety Plans Program, Fiscal Year  
2001-02

This apportionment, in the amount of \$3,000,000, has been made from funds provided by Item 6110-226-0001(5) of the 2001 Budget Act (Chapter 106, Statutes of 2001). This apportionment provides funding to qualified schools for training school safety teams in how to develop and implement comprehensive school safety plans pursuant to Article 10.3 (commencing with Section 35294) of Chapter 2 of Part 21 of the *Education Code*.

This apportionment represents 100 percent of the entitlement for each eligible school in the school district or county office of education listed on the enclosed schedule of apportionment. The allocation for each school is based on the October 2001, California Basic Educational Data System enrollment count for schools operating any kindergarten and any of grades 1 to 12, inclusive. A school with enrollment of 54 or less will receive a minimum of \$5,000 and a school with enrollment of 55 or more will receive the per pupil rate of \$91.27.

The School Safety Plans program is included in the charter school block grant funding model pursuant to Chapter 6 (commencing with Section 47630) of Part 26.8 of the *Education Code*. Therefore, charter schools that are participating in the model will receive their funding for this program as part of the categorical component of the charter school block grant, which was allocated as part of the principal apportionment. Charter schools that are not participating in the charter school block grant funding model will receive their funding for this program through their chartering agency.

Warrants will be mailed to each county treasurer approximately four weeks from the date of this Notice. For standardized account code structure (SACS) coding, use Resource Code 6310, School/Law Enforcement Partnership Safety Plans for New Schools, and Revenue Object Code 8590, All Other State Revenue. For non-SACS coding, use Income Account Code 8590, All
